

Year 6 Camp 2023

I had the best camp ever! I had lots of my friends in my dorm. I had never abseiled before in my life and it was really scary but I had a go. Thank you for making this possible. Charlie, Room 23

On camp, abseiling was very scary at first but now I love it! Archery was so much fun, my group won. Night time fun was spotlight each night and it was soo fun! All of my friends were making me laugh. Camp was lots of fun, fantastic. Abby, Room 23

In my opinion, camp was the best! My two favourite activities were abseiling and archery. I chose abseiling as my number one favourite because this is the second time I have ever abseiled and it gave me a big adrenaline rush when I got to the top but when I got over the edge, I loved it. So I did it again! School camp was the best three days I have spent. Alex, Room 23

Year 6 went to Woodman Point in Coogee and when we got there later after we sorted out our Dorms, I walked out our Dorm door and a grumpy Quenda started chasing me so I ran and jumped on a pole and started screaming 'this thing is going to give me rabies'. I almost started crying, I was terrified! My favourite part was spotlight and getting chased by the Quenda. Harper, Room 22

Woodman Point was the best. Our dorms were the best when we got two Quokka's in our dorm under a bed and our activities. The food was pretty bad. All of my friends were in my dorm. I reckon the best activity was abseiling but they were all pretty fun. Koby, Room 22

For our Year 6 camp we went to Woodman Point Recreation Camp. On Wednesday my activities were Search & Rescue, and Team building. On Thursday I had raft building, abseiling, catapult and archery. Finally on Friday I had a bike ride and beach sports.

At night everyone would play Spotlight. If we wanted to we were also allowed to have free time or hang in our dorms. Playing at night was the best part of the day!

In my dorm I had Amahlee, Charlette, Wynter, Angel, Jordyn, Taylor, Harper, Lucy and Jayda but I switched dorms which I was quite happy about. In my new dorm I was with Metayha, Summer, Amahlee, Charlette, Kaylee, Angel, Mia and I'm pretty sure that's it! Stevie, Room 22

My favourite activity was the archery, second was beach sports, third was the bike ride. Night was nice. The activities were archery, beach sports, bike ride, catapult, abseiling, team building, raft building and search & rescue. Connor, Room 22

We went on camp last week for 3 days. I didn't stay for long though but while I was there I saw two possums chasing each other around and fighting. After a while one of the possums got knocked down and couldn't get up. A crow came to the possum that was on the ground. It started to drag the possum into the bush. To this day I have no idea what happened to the possum but I think the crow ate it. Narlah, Room 22

My favourite thing at camp was on the last night there because Stevie, Amahlee, Owen, Koby, Kaelan, Max M and me were playing chasey kinda but Stevie was chasing all of them in a scary way. She had a weird face like a goblin and Amahlee and I weren't getting chased because we came up with the idea. While Stevie was chasing Owen, Max M was in her way so she grabbed his leg and tripped him and he fell. He was okay and after a while of chasing Koby and Kaelan came in the game and Amahlee tripped Owen but he was okay to. Charlette, Room 22

My Year 6 camp was at Woodman Point in Coogee. The bus ride was more than an hour long and was very fun! Before we left my two aunties, nan and cousin came to say bye to me. When we got to camp everyone worked together to grab everyone's stuff out of the bus. Jordyn, Room 22

When we first arrived at Woodman Point we had to wait for the teachers to call what dorm we were put in. I was in dorm 12. The activities were team building, raft building, abseiling, beach sports bike riding, search & rescue, and archery. There was a type of native animal that comes out at night, Quendas which means Southern Brown Bandicoot but it looked more like an overgrown rat. I heard screaming in my dorm because there was a Quenda in there but the teacher took it out. Jakob, Room 22

Last week most of the Year 6 went to Woodman Point Recreation Camp. There were lots of activities such as archery, abseiling, build a raft, beach games, bike ride, team building and a lot more. I loved to play with my friends and hang in the dorm and we had lots of yummy food. I also loved when people would 'ding dong' peoples dorms and if you were inside your dorm you would fling the door open and chase the person that 'ding donged' you. Ruby, Room 22

We shot real bone arrows. My favourite activity was abseiling. We went on an 8km bike ride. At night we played Spotlight. I abseiled 40 – 50 meters in the air.
Jax, Room 22

At camp there was tonnes of Quendas and when Jordyn and I went to the toilet they were running around the camp. One got in the boy dorms and everyone screamed and laughed. Taylor, Room 22

Last week at camp there was so many different activities we got to do but I was scared for abseiling. It was really scary for me because I have never done something so scary. Imagine hanging of a tall rock wall only holding onto a rope with it attached to your harness. Nothing was going wrong but I felt the opposite because you're almost walking upside down. Lucy, Room 22

My favourite part of camp was on the second night because Stevie was chasing Owen and Kaelan. Then I started to chase Kaelan and I tripped. Owen and then Stevie started chasing Owen again. My favourite activity at camp was raft building because all the turns and 360's were so fun and playing fruit salad in the water and I almost fell off. The scariest part of the camp was when it was the first night. There were heaps of quokka things while I was playing Spotlight and I got really close to one. Amahlee, Room 22

Woodman Point was the best. We had Quenda join us and two snuck in our dorm. One we caught eating some chips and crawling under Conner's bed and they did a poo in the doorway. Our first activity was abseiling and abseiling was my favourite and the food was really nice. Owen, Room 22

Funny moments – When we were all mucking around in our dorm and making each other laugh and playing with friends and going crazy at each other. We were running all around at camp with friends and doing silly stuff.

Fun moments – When we played Search & Rescue with a team, we were Team Pumpkin and they were Team Goat, there was a Red Team. They were the enemy and would chase us. It was fun to be chased by them and we had to find clues.

Scary moments – When we were in the dark playing Spotlight and hiding from the seekers and being chased by these animals called Quendas. It was scary but also a little bit fun to be honest.

Sad moments – When I was not feeling very well at night and I could not sleep and the next night I didn't stay. I went back home but I came back the next morning so I could finish the last activities. I also didn't feel well on the bus on the way back but after that I was fine. Jayda, Room 22
